Why Jakarta EE page and video went live from yesterday.

- 
- Explanation write-up on 7 specs has started, [video scripts](#) will be extracted from those [write ups](#)
    - [Jakarta EE Platform write-up for review by 17 Nov](#)
    - [Jakarta EE Platform Video Script for review by 17 Nov](#)
    - [Jakarta Concurrency write-up for review by Dec 23](#)
  - Translations-webdev+community members asked for markdown files for easier implementation. It is hard to exactly pinpoint the pages that we listed to be translated to the markdown files. After discussions with Chris, Shabnam shared the files that Chinese community used to translate first
  - Starter Project:
    - technical writer starter working on the first article this week to create articles around main specs similar to "[next](#)" in [spring.io](#) expected to receive the first two articles by end of Dec.
      1. How to construct and consume a RESTful Web Service
      2. How to store and retrieve data using Jakarta Persistence
      3. How to start with Servlets / How to build Servlets
